2010 TechHome®

Mark of Excellence

[CHARLESTON, SC – 02/24/2010] eLifespaces has been named in seven finalist positions for the Consumer Electronics Association’s 2010 Mark of Excellence Awards. Competing among technology companies nationwide, eLifespaces captured positions in

BEST MULTI-ROOM AV PROJECT
INNOVATION AWARD OF THE YEAR
INTEGRATED SECURITY PROJECT OF THE YEAR
SOFTWARE APPLICATION OF THE YEAR

HOME OF THE YEAR (LESS THAN \$35,000)
LIGHTING CONTROL PROJECT OF THE YEAR
LUXURY HOME OF THE YEAR (\$100,000-\$300,000)

Finalist

The Mark of Excellence Awards program, presented by CEA's TechHome Division, recognizes the best in home electronics products, services, and installed technology. Each year, manufacturers, distributors, and systems integrators enter to compete in award categories for this honor. "Each award category had a four-member judging team of systems integrators, manufacturers, members of the trade press and/or industry consultants to score and determine the TechHome Mark of Excellence Awards Finalists and Winners," said CEA Senior Manager Patrice Scheyer.

Over the past several years, eLifespaces has been awarded CEA’s Best Integrated Security Project, Lighting Control Project of the Year, Best Distributed Audio/Video Project, and the Ultimate Home of the Year. "Our team is privileged to work with wonderful owners and is incredibly honored and thankful to them and our industry," said Fred Fabian, eLifespaces’ President. "This year we’re also honored to be considered in a new category, 'Software Application of the Year.' Being Apple iPad/iPhone application developers, we see the requirement for integrators to expand beyond their traditional role in electronics systems contracting." Over the years, electronics have become much more complex and customers' options have grown exponentially, but eLifespaces’ focus on personal attention and evolving service remains the same.

Winners will be officially announced at the CEA TechHome Division’s Mark of Excellence Awards dinner on March 26, 2010 in Orlando, Florida. For more on the 2010 Mark of Excellence Awards, visit CEA’s web site, <http://www.ce.org/Events/Awards>.

About Consumer Electronics Association

The Consumer Electronics Association (CEA) is the preeminent trade association promoting growth in the \$161 billion U.S. consumer electronics industry. More than 2,200 companies enjoy the benefits of CEA membership, including legislative advocacy, market research, technical training and education, industry promotion and the fostering of business and strategic relationships. CEA also sponsors and manages the International CES - Where Entertainment, Technology and Business Converge. All profits from CES are reinvested into CEA's industry services. Find CEA online at www.CE.org.

ABOUT ELIFESPACES

Providing contracting, security and audio visual (A/V) services over two decades, the company directors and technical practitioners hold multiple licenses and certifications in the construction, low voltage cabling, electronic, security (both fire & burglar), and electrical contracting. As Design & Installation Contractors, their goal is to make the technology in your lifespaces – intuitive, invisible, and incredible. Whether its videoconferencing, ISF® Video Calibration, THX® Certified room construction, HAA® acoustic calibration or any number of other specialized requirements, let their team of Industry Certified Professional Designers and Practitioners address your technology needs. eLifespaces holds many industry awards, the most recent of which was winner in the Consumer Electronics Associations Mark of Excellence Awards in multiple categories.
